McKell High School is the largest High School in Greenup County. It is located at South Shore, Kentucky, and buses furnish transportation to the school from the surrounding areas. The Student body, generally speaking, is of a very high type with high ideals. It is the purpose of both the administrative and teaching staffs to produce a high type citizenship for the future social order. Stress is being placed upon the moral, spiritual, mental and physical development of each pupil. We may safely say that McKell is truly one of the outstanding High Schools of Kentucky.
